

State Attorney Norm Wolfinger Statement on Letter to Department of Justice

FOR IMMEDIATE RELEASE--April 2, 2011

I am outraged by the outright lies contained in the letter by Benjamin Crump to Deputy Assistant Attorney General Roy Austin dated April 2, 2012. I encourage the Justice Department to investigate and document that no such meeting or communication occurred. I have been encouraging those spreading the irresponsible rhetoric to stop and allow State Attorney Angela Corey to complete her work. Another falsehood distributed to the media does nothing to forward that process.
